

MEET THE EXPERTS

GATHER INSIGHTS

GET TECHNICAL

Decision makers from the ski industry all over China are becoming experts not only in ski resort management, but are also more and more interested in the technological side of business. Are you looking to get a glimpse into the world of winter technologies, detachable ropeways and snowmaking systems?

Join us for a full technical immersion with the sector's key players at the

<1st APSC Technical Workshop>

When: Friday, January 26th, 2018 | 09.00 – 17.00

Where: Convention Area, Room 307B, 3rd Floor, CNCC

Participation at the workshop is free, no pre-registration required.
